

USER RESEARCH QUESTIONNAIRE

USER RESEARCH QUESTIONNAIRE

This questionnaire is for HCI group assignment on a learning Management system (LMS) mobile app.
Your responses will only be used for academic purposes.

Question 1

what's your year of study

- ☐ First year
- ☐ Second year
- ☒ third year
- ☐ fourth year

Question 2

How often do you use the university LMS?

- ☒ Daily
- ☐ Weekly
- ☐ Monthly
- ☐ Rarely

Question 3

which device do you mostly use to access the LMS?

- ☒ Smart phone
- ☐ Laptop
- ☐ Tablet
- ☐ Desktop

Question 4

What challenges do you face when using the current LMS?

Slow loading, login issues, difficult navigation, and delayed notifications

Question 5

which feature of the LMS do you use the most and why

Assignments – because I use it to submit coursework, check deadlines, and receive feedback.

Question 6

What improvement or new features would you like to see in the mobile LMS application?

Offline access, push notifications, faster performance, a simpler interface, and an in-app calendar.

Question 2

How often do you use the university LMS?

- ☒ Daily
- ☐ Weekly
- ☐ Monthly
- ☐ Rarely

Question 3

which device do you mostly use to access the LMS?

- ☐ Smart phone
- ☒ Laptop
- ☐ Tablet
- ☐ Desktop

Question 4

What challenges do you face when using the current LMS?

Slow loading times, occasional login problems, difficulty accessing course materials on mobile, and delayed notifications for assignments and announcements.

Question 5

which feature of the LMS do you use the most and why

I use the course materials and assignment submission features the most because they allow me to access notes, download learning resources, and submit my assignments easily.

Question 6

What improvement or new features would you like to see in the mobile LMS application?

An offline mode for downloading notes, faster performance, push notifications for deadlines, a better user interface, dark mode, and easier communication with lecturers through chat or messaging.
